DNA and Businesses

- 929 H251howa How to Open DNA-Driven Genealogy Reporting & Interpreting Businesses

Testing Companies and DNA Analyzing Websites

Ancestry (www.ancestry.com)

Tests only autosomal DNA. Results viewable by testee without subscription, however to view extensive family trees attached to the results, must have subscription to Ancestry.com.

Family Tree DNA (www.familytreedna.com)

Tests autosomal, Y and mitochondrial DNA

Living DNA (www.livingdna.com)

Tests only autosomal DNA. Results include ethnicity estimate and haplogroup; but no matching with other testees at this time. Based in the United Kingdom.

MyHeritage DNA (www.myheritage.com)

Tests only autosomal DNA. Results are viewable by testee without subscription to site.

23andme (www.23andme.com)

Tests only autosomal DNA, but also provides some health information for an additional fee.

GEDMatch (www.gedmatch.com)

A free website that allows for the uploading of autosomal test results from other companies and provides extensive means of comparing the results.
